#### MEMORY CARD GAME

The objective is to collect the most pairs of cards. Shuffle the cards and lay face down, in rows. Youngest player goes first and then continue around. On each turn, a player turns over two cards (one at a time) and keeps them if the cards match. If they successfully match a pair they get to keep the cards, and that player gets another turn. **The person with the most pairs at the end of the game wins.**

#### JUEGO DE TARJETAS DE MEMORIA

El objetivo es recolectar la mayor cantidad de pares de cartas. Mezcle las cartas y colóquese boca abajo, en filas. El jugador más joven va primero y continúa en el sentido de las agujas del reloj. En cada turno, un jugador da vuelta dos cartas (una a la vez) y las guarda si coinciden. Si combinan con éxito un par, se quedan con las cartas y ese jugador tiene otro turno. **La persona con más parejas al final del juego gana.**

#### STEELHEAD FISH PEZ CABEZA DE ACERO

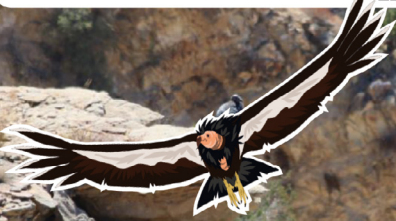

**HABITAT TYPE:** Riverine. Riparian.

**ANIMAL FACT:** Can jump 11 ft. (3.35 m.) in the air when climbing waterfalls and swim a speed of up to 25 mph.

#### CALIFORNIA CONDOR CÓNDOR DE CALIFORNIA

**HABITAT TYPE:** Closed-cone pine-cypress. Rocky outcroppings.

**ANIMAL FACT:** The CA Condor is one of the largest birds in North America. It has the largest wing span — about 9 feet.

#### SOUTHERN SEA OTTER NUTRIA MARINA DEL SUR

**HABITAT TYPE:** Marine. Estuarine.

**ANIMAL FACT:** Sea otters have 850,000 to 1,000,000 hairs per square inch, the thickest fur of any mammal.

#### SAN JOAQUIN KIT FOX SAN JOAQUIN KIT ZORRO

**HABITAT TYPE:** Annual grassland. Valley oak woodland. Blue oak woodland.

**ANIMAL FACT:** The smallest foxes in North America. They are about 20 inches, not counting their tails!

#### CALIFORNIA RED LEGGED FROG RANA DE PATAS ROJAS DE CALIFORNIA

**HABITAT TYPE:** Freshwater emergent wetland. Annual grassland.

**ANIMAL FACT:** The largest native frog in the western United States. It is from 1.5 to 5 inches.

#### YADON'S REIN ORCHID ORQUÍDEA REIN DE YADON

**HABITAT TYPE:** Mixed chaparral. Coastal oak woodland.

**ANIMAL FACT:** A bud forms on one root and grows slowly for a year. The old plant then dies, and the bud becomes a mature plant in its second season.

#### SMITH'S BLUE BUTTERFLY MARIPOSA AZUL DE SMITH

**HABITAT TYPE:** Annual grassland. Valley oak woodland. Blue oak woodland.

**ANIMAL FACT:** Discovered in Big Sur. During its short, one-week lifespan, the butterfly feeds, mates, and lays eggs.

#### COAST HORNED LIZARD LAGARTO CORNUDO DE LA COSTA

**HABITAT TYPE:** Coastal dune. Coastal scrub. Montane chaparral.

**ANIMAL FACT:** In defense they will shoot blood from their eyes when threatened by a predator.

#### MONTEREY PINE FOREST BOSQUE DE PINOS DE MONTEREY

**HABITAT TYPE:** Coastal-cone pine-cypress.

**ANIMAL FACT:** The most rapid growing pine of over 90 species. The trees have an average life span of 80 to 90 years.

#### MONTEREY SPINEFLOWER FLOR ESPINA DE MONTEREY

**HABITAT TYPE:** Mixed chaparral.

**ANIMAL FACT:** Small white (rarely pink) flowers growing in a dense cluster. Flowers April through June.
