

# Move it Monterey County Art Competition!

## FOR TEACHERS/ADMINISTRATORS

This art competition is part of the Transportation Agency for Monterey County's [Safe Routes to School Program](#). Our aim is to educate and engage with students, teachers, and community members on how to walk and bike to school safely and more often. One of our favorite tools to achieve this is through artwork!

This is a Monterey County students grades K-12 competition. We ask that students show effort and engagement, but do not have a threshold in terms of skill or experience with art. The activity asks students to answer one question: "How do you move around where you live?" and to create an artwork related to that question.

### Prizes!

There will be three elementary school winners, three middle school winners, and three high school winners. Prizes include bikes, skateboards, scooter, and helmets AND art supplies for each winner's classroom. Please let your students know that participation in the competition means consenting to artwork and question responses being used in promotional materials, online on website and social media posts, and in print. Artists will receive credit for any work, but students' full names will not be published to maintain privacy.

**ALL ARTWORK IS DUE BY 10/12/2022**

Please submit scanned artwork via email to [alissa@tamcmonterey.org](mailto:alissa@tamcmonterey.org) or mail artwork to 55-B Plaza Circle, Salinas CA 93901

Questions? Please email [alissa@tamcmonterey.org](mailto:alissa@tamcmonterey.org) or call (831) 775-4420
